#### SUMMARY

##### Synopsis of SCORC Amendment

The Senate Corporations and Transportation Committee amendment adds an emergency clause to Senate Bill 305 signifying that for the public peace, health and safety it is imperative that this

act go into effect immediately.

Synopsis of Original Bill

Senate Bill 305 amends definitions found in Section 60-2A-2, NMSA 1978 to better reflect terminology currently used in the boxing and mixed martial arts industries. Additionally SB 305 proposes a new section giving control and jurisdiction over all contests or exhibitions of unarmed combat to be conducted, held or given within the State of New Mexico to the New Mexico Athletic Commission. Furthermore all such contests involving unarmed combat must be held or given in compliance with the Professional Athletic Competition Act.

**FISCAL IMPLICATIONS**

Mixed Martial Arts is currently the fastest growing sport in the United States and has the potential to create substantial revenues to individual businesses throughout the State if they are able to attract large-profile contests to New Mexico. However, despite minor revenue increases that will occur due to the increased number of licensing fees, this bill will have minimal fiscal impact on the state itself.

**SIGNIFICANT ISSUES**

Despite the growth in popularity and regulation of Mixed Martial Arts over the past decade it is still inherently dangerous. The regulation of these contests is imperative in order to protect the health and overall welfare of combatants.

**ADMINISTRATIVE IMPLICATIONS**

The New Mexico Athletic Commission will need to add one part-time assistant to help administer the Commission's new role in regulating these contests.

**CONFLICT, DUPLICATION, COMPANIONSHIP, RELATIONSHIP**

Duplicates HB351

**WHAT WILL BE THE CONSEQUENCES OF NOT ENACTING THIS BILL**

Serious injuries and even deaths have occurred during Mixed Martial Arts Contests in the past. If these contests are not regulated in order to ensure the safety and welfare of combatants than more serious injuries and deaths could occur in future within the State of New Mexico.
